2nd NATIONAL CONGRESS of the Italian Society for Virology
One Virology
One Health

ROME
November 28-30, 2018

Aula Magna, Sapienza Università di Roma

Scientific Programme
The National Congress of the Italian Society for Virology represents the annual forum for the Italian scientists working in the different areas of Virology (medical-clinical Virology, molecular Virology, veterinary Virology, environmental Virology) involving basic, clinical and translational research and taking advantage of the most advanced technological platforms.

In keeping with the tradition, the scientific structure of Congress features different thematic sessions: virus-host interactions and pathogenesis, viral genetics and gene therapy, antiviral therapy and diagnosis, neurovirology, oncogenic viruses and retroviruses, vaccines and biotechnology, veterinary virology, environmental and plant virology. Every session starts with a Keynote Lecture followed by oral communications selected from the “Call for Abstracts”. Specific Symposia dedicated to therapeutic management of HIV and Hepatitis, vaccines, procedures and innovative methods of diagnosis, tailored treatments, as well as Poster Exhibition and Discussion, complete the scientific structure of the Congress. Special attention will be given to Young Investigators whose participation will be encouraged by Scholarships.

The 2nd National Congress of the Italian Society for Virology will be accredited to the Italian Ministry of Health for CME Credits for the following professionals: Medical Doctor (all disciplines), Biologist, Biotechnologist, Medical laboratory technician, Nurse, Veterinary, Pharmacist, Physicist and Chemist.

DEADLINE FOR ABSTRACT SUBMISSION: OCTOBER 1, 2018

To submit abstracts visit the official web site: www.congressosiv-isv2018.it

Abstracts should be submitted in English. Abstract body text is limited to 3,000 characters including spaces.
It is possible to attach a file (3 MB max) with graphs/images (not in the abstract text body).
The structure of the text should include the following four sections: Background, Material and methods, Results, Conclusions.

After abstract submission, a confirmation message will be sent by e-mail.
In case you do not receive the message, please contact the Secretariat via email at this address: daniela.carrara@effetti.it

The author who submits the abstract is responsible for delivering either the oral or poster presentation if the abstract is accepted:

• He/she is responsible for the accuracy of the abstract in all its parts ensuring that the first author and all co-authors have agreed with the content of the abstract.
• He/she will receive via email the official communications from the Organizing Secretariat.
• In case of an emergency, an alternate may take the presenting author’s place. The new presenter must be listed as co-author on the abstract and should be notified to the Secretariat.
• The presenting author has to be registered to the Conference in order to present the work or the poster.
